SUBJECT INDEX

1971, Volume 33

Acclimatization, and exercise, effect on displacement apex cardiogram, normal young subjects (Ollendorff *et al.*). 37
Accrochage, atrioventricular dissociation with (Fletcher *et al.*). 572
Acid-base balance and arrhythmias after myocardial infarction (Pilcher & Nagle). 526
Addressing a medical meeting, effect on heart rate, electrocardiogram, plasma catecholamines, free fatty acids, and triglycerides (Somerville *et al.*). 608, *P.*
Adrenaline and noradrenaline, plasma levels in myocardial infarction, new double isotope technique (Siggers *et al.*). 878
Alprenolol, oral, in angina pectoris, double-blind three-dose trial (Sowton & Smithen). 601
— — — acute effects on exercise tolerance, dose-response study (Sealey *et al.*). 481
Altitude: bradycardia, increased cardiac output, and reversal of pulmonary hypertension in high altitude men living at sea level for two years (Sime *et al.*). 647
Amyl nitrite, and exercise tests in repetitive tachycardia (Kariv *et al.*). 115
Aneurysm, infected, of sinus of Valsalva, with involvement of all three sinuses: case report (Datta *et al.*). 323
— ventricular, after cardiac surgery (Littler *et al.*). 962
— — left, with anomalous origin of left coronary artery from pulmonary artery: case report (Kafkas & Miller). 409
— — septum, and systolic clicks relation between (Pickering & Keith). 538
Angina pectoris, assessment of propranolol: clinical dose response curve and effect on electrocardiogram at rest and on exercise (Prichard & Gillam). 473
— — comparison of effects of propranolol and practolol on exercise tolerance (Coltart). 62
— — comparison of coronary angiogram with other parameters in (Bruschke *et al.*). 150, *P.*
— — oral alprenolol, double-blind three-dose trial (Sowton & Smithen). 601
— — — — on exercise tolerance in (Sealey *et al.*). 481
— — Prinzmetal's variant, effects of propranolol (Guazzi *et al.*). 889
— — — — left ventricular performance and related haemodynamic changes (Guazzi *et al.*). 84
Angiogram, coronary, comparison with other parameters in anginal patients (Bruschke). 150, *P.*
Angiographs, biplane, in comparison with echocardiographs, in measurement of ventricular volumes (Gibson). 614, *P.*
Aortic atresia, diagnostic cardiac catheterization in first week of life (Miller). 367
Aortography, investigation for continuous murmur in pulmonary atresia (Zutter & Somerville). 905
Apex cardiogram and systolic time intervals in acute myocardial infarction (Jain & Lindahl). 578
Arrhythmias, and acid-base balance after myocardial infarction (Pilcher & Nagle). 526
— atrial, initiation and termination, role of ventricular premature beats (Csapo). 105
— cardiac, treatment and prevention with propranolol and quinidine (Stern). 522
— and heart block, analysis by bundle of His electrocardiograms (Smithen & Sowton). 612, *P.*
— plasma glycerol concentration in (Carlström & Christensson). 884
— recent advances in understanding: editorial (Stock). 809
Arteries, coronary, and right heart cavities, 3 cases treated surgically (Azcuna *et al.*). 451
— great, transposition, 65 infants, 1–4 years after balloon septostomy (Parsons *et al.*). 725
— pulmonary, left atrium and left ventricle, relations between pressure in, with special reference to events at end diastole (Forsberg). 494
Arteriogram, coronary, clinical significance (Banks *et al.*). 863
Atherosclerosis, comparison of two techniques of platelet stickiness, with normal patients (Besterman *et al.*). 277
— coronary, electrocardiographic effects of isoprenaline in, and in normal subjects (Wexler *et al.*). 759
— — in Nigeria, extent, severity and frequency (Williams). 95
Atrioventricular block, *see* Block, atrioventricular
Atrioventricular conduction, facilitation in bundle of His: case report (Mazzoleni & Fletcher). 970
Atrioventricular dissociation with accrochage (Fletcher *et al.*). 572
— — in acute rheumatic fever (Cristal *et al.*). 12
Atrium, effects of transient occlusion of coronary circulation on catecholamines and electrolyte gradients (Taggart *et al.*). 609, *P.*
— epicardial excitation, studies in patient with atrial flutter (Wellens *et al.*). 233
— left, function after cardioversion, electromechanical correlation (Grover *et al.*). 226
— — pulmonary, and left ventricle, relations between pressure in, with special reference to events at end diastole (Forsberg). 494
— stimulation, rapid, use to convert atrial flutter or tachycardia to atrial fibrillation (Chamberlain *et al.*). 613, *P.*
Auenbrugger's contribution to cardiology: history of percussion of the heart (Evan Bedford). 817
Auscultation, stereophonic, and stereophonic display (Freud). 149, *P.*
Autografts, pulmonary, for aortic valve disease (Sachs *et al.*). 611, *P.*

Bacterial endocarditis, with complications including aortic regurgitation, ventricular septal defect, and mycotic aneurysm of mitral-aortic intervalvular fibrosa (Symbas *et al.*). 664
— — electrocardiographic evidence of atrial fibrillation in (Eisinger). 739
— — over prosthetic valves treated with trimethoprim-sulphamethoxazole combination: case report (Shafqat *et al.*). 974
Ballistocardiography and cardiovascular dynamics, Eighth European Congress, Ljubljana, April 1971. 328
Baroceptors, left ventricular, and sudden death with aortic stenosis: editorial (Johnson). 1
Battery failure, expectation of life of pacemaker (Davis). 612, *P.*
Beats, reciprocal ventricular, fused with paroxysmal ventricular tachycardia: case report (Vermeulen & Wellens). 320
Beta-adrenergic, *see* Blockade, beta-adrenergic
Biopsy, endomyocardial, in diagnosis of cardiomyopathies (Somers *et al.*). 822
Birmingham (Lucas) pacemaker, appraisal (Pilcher & Heely). 375
Block, atrioventricular, conservative treatment in acute myocardial infarction, results in 105 consecutive patients (Hatle & Rokseth). 595

Block, bundle-branch, bilateral, post-surgical, associated with changing rhythms: case report (Potter *et al.*). 412
— — right, and left axis deviation in acute myocardial infarction: correspondence (Abreu E Lima; Roos & Dunning). 632
— fascicular, in acute myocardial infarction (Godman *et al.*). 613, *P.*
— heart, and arrhythmias, analysis by bundle of His electrocardiograms (Smithen & Sowton). 612, *P.*
— — caused by primary oxalosis of the heart: case report (Coltart & Hudson). 315
— — chronic, treatment with Lucas induction oil pacemaker (Record *et al.*). 938
— — complete, postoperative, 40 children (Fryda *et al.*). 456
— — in myocardial infarction, evaluation of pacing (Watson & Goldberg). 120
— — two patients, one rheumatic, one congenital, 30 years observance (Jennings). 50
— intraventricular trifascicular: conduction disturbance in bundle branch system: case report (El-Sherif). 626
Blockade, beta-adrenergic, assessment, and of non-specific properties of propranolol (Coltart). 615, *P.*
— — effect in abnormal left ventricular function (Graber *et al.*). 615, *P.*
— — effect on Rs-T segment in acute myocardial infarction (Reid *et al.*). 609, *P.*
— — in experimental myocardial ischaemia, metabolic and electrocardiographic effects (Thomas *et al.*). 609, *P.*
— — with practolol in hypertrophic obstructive cardiomyopathy (Webb-Peploe *et al.*). 143, *P.*
— — and role of peripheral vascular system in control of cardiac output (Gibson & Hamer). 615, *P.*
— — use of bundle of His potentials to assess changes in atrioventricular conduction produced by agents (Smithen *et al.*). 955
— beta-receptor, and heart rate response to certain physiological manoeuvres (Fitzgerald *et al.*). 614, *P.*
Blood flow, pulmonary, distribution during exercise in mitral stenosis (Bjure *et al.*). 438
— velocity measurements in aortic regurgitation using heated thin film and ultrasonic techniques (Tunstall Pedoe). 611, *P.*
Body position, influence on exercise tolerance, heart rate, blood pressure, and respiration rate in coronary insufficiency (Lecerof). 78
Bradycardia, sinus, 46 cases – lazy sinus syndrome (Eraut & Shaw). 742
British Cardiac Society. Proceedings, 49th Annual General Meeting, Amsterdam, April 1970, jointly with the Dutch Society, 142–151: 50th Annual General Meeting, Sheffield, Proceedings, 607–616
Bundle of His, *see* His
Bypass, cardiopulmonary, effect on plasma digoxin levels (Coltart *et al.*). 144, *P.*

Campbell, S. B. Boyd, Obituary (Crozier). 794
Cardiac output, low, *see* Low cardiac output state
Cardiac rehabilitation: editorial (Groden *et al.*). 425
— — in Britain (Groden *et al.*). 756
Cardiogram, displacement apex, effect of exercise and acclimatization, normal young subjects (Ollendorff *et al.*). 37
Cardiography, 'pixie', accelerometer applications to phonocardiography and displacement cardiography in childhood (Bew *et al.*). 702
Cardiology, Sixth World Congress, London, September, 1970 (Somerville & Miller). 313
Cardiomegaly, idiopathic, pathology, Jamaica, 21 cases (Campbell). 193
Cardiomyopathy associated with congenital heart disease (Shem-Tov *et al.*). 782
— hypertrophic, familial, unusual features (Harley & Orgain). 55
Cardiomyopathy hypertrophic, obstructive, analysis of symptomatic course, and prognosis and treatment (Swan *et al.*). 671
— — — in transposition, congenital, physiologically corrected (Honey & Gold). 214
— — — treated with beta adrenergic blockade with practolol (Webb-Peploe *et al.*). 143, *P.*
— irregular hypertrophic (obstructive cardiomyopathy), correlations of electrocardiographic pattern, shape of ventricular septum, and isovolumetric relaxation time (Harmjanz *et al.*). 928
— obstructive (hypertrophic infundibular aortic stenosis), electrical activation (van Dam *et al.*). 147, *P.*
Cardiomyopathies, use of endomyocardial biopsy in diagnosis (Somers *et al.*). 822
Cardiopulmonary bypass, effect on plasma digoxin concentrations (Coltart *et al.*). 334
Cardiorespiratory changes in progressive muscular dystrophy (Wahi *et al.*). 533
Catecholamines and electrolyte gradients in atrium, effects of transient occlusion of coronary circulation on (Taggart *et al.*). 609, *P.*
— plasma, and other observations, effects when addressing a medical meeting (Somerville *et al.*). 608, *P.*
— — free fatty acid levels in acute myocardial infarction (Januszewicz *et al.*). 716
Catheter, central venous, used for recording intracardiac electrocardiogram (Urthaler & Halter). 275
Catheterization, cardiac, in diagnosis of aortic atresia in first week of life (Miller). 367
— of left ventricle in acutely ill patients (Diamond *et al.*). 489
— percutaneous arterial and venous, profunda femoral arteriovenous fistula after: case report (Thadani & Pratt). 803
— transseptal, via right subclavian vein (Epstein & Coulshed). 658
Cine-angiocardiography, left ventricular, showing interventricular septal defect (Taylor & Chrispin). 285
Cineangiography, single plane, volume analysis by, and assessment of left ventricular function (Chatterjee *et al.*). 565
Circulation, coronary, pathophysiology (Ross). 173
— lung, and finger clubbing in hepatic cirrhosis (Stanley & Woodgate). 469
Clofibrate, five-year trial in ischaemic heart disease (Dewar). 145, *P.*
Coarctation, abdominal aortic, interrenal type with unusual complications: case report (Janicek & Hollmotz). 806
Computer interpretation of 3 and 12 lead electrocardiogram, 1093 patients (Macfarlane *et al.*). 266
Conducting system, effect of sudden changes in heart rate on refractory periods of ventricular myocardium and conducting system of dog's heart (Janse & van Dam). 148, *P.*
Congenital heart disease, and acquired, ultrasonic evaluation of anatomical abnormalities (Tanaka *et al.*). 686
— — — associated with cardiomyopathy (Shem-Tov *et al.*). 782
— — — dermatoglyphs in (David). 610, *P.*
— — — extrinsic causative factors (de la Cruz *et al.*). 203
— — — in Nigeria, necropsy study of 47 cases (Antia & Williams). 133
Congress, Sixth World, Cardiology, London, September 1970 (Somerville & Miller). 313
— Eighth, European Society for Ballistocardiography and Cardiovascular Dynamics, Ljubljana, April 1971. 328
— Ninth International, Medical and Biological Engineering, Melbourne, August 1971. 328
Coronary artery, fistula, congenital: analysis of 17 cases (de Nef *et al.*). 857, 150, *P.*
— — occlusion, experimental, failure of high blood free fatty acid concentrations to provoke ventricular arrhythmias (Opie *et al.*). 608, *P.*
— — — transient, effect on catecholamines and electrolyte gradients in atrium (Taggart *et al.*). 609, *P.*
— care service, mobile, with non-medical staffing (Gearty *et al.*). 613, *P.*
— —test of efficiency: correlation of mortality rate and serum enzymes (Chapman). 643

Coronary circulation, pathophysiology (Ross). 173
— insufficiency, influence of body position on exercise tolerance, heart rate, blood pressure, and respiration rate (Lecerof). 78
— sinus, drainage of left hepatic vein into, with other systemic venous anomalies: case report (van der Horst *et al.*). 164
Correspondence: Right bundle-branch block and left axis deviation in acute myocardial infarction (Abreu E Lima and Roos & Dunning). 632
Current, leakage, from electrocardiographic recorder causing inhibition of demand pacemaker: case report (Meibom & Andersen). 326

Death, sudden, aortic stenosis, and the left baroceptors: editorial (Johnson). 1
Dermatoglyphs, in congenital heart disease (David). 610, *P.*
Deviation, left axis, and right bundle-branch block in acute myocardial infarction: correspondence (Abreu E Lima and Roos & Dunning). 632
Dextrocardias, mirror-image, dextroversions, and laevoversions, anatomy, embryology and systemization (de la Cruz *et al.*). 841
Diastolic pressure, pulmonary arterial, relation to events in left ventricle and left atrium (Forsberg). 494
Dietary pulmonary hypertension (Heath). 616, *P.*
Digoxin, plasma concentrations, and digoxin toxicity in hospital patients (Evered & Chapman). 540
— — — effect of cardiopulmonary bypass (Coltart *et al.*). 334, 144, *P.*
Digoxin (^{3}H), uptake by myocardial and skeletal muscle in acute hypokalaemia (Binnion & Morgan). 144, *P.*
Diuresis, or rapid infusion in acute cardiac infarction (Coltart & Hamer). 72
— water, in heart disease, proximal tubular sodium reabsorption (Gibson *et al.*). 146, *P.*
Dysphagia due to left atrial enlargement after Starr mitral valve replacement: case report (Chesshyre & Braimbridge). 799
Dysrhythmias, atrial, electroversion, sustained-release quinidine (Kinidin Durules) in maintaining sinus rhythm after (Resnekov *et al.*). 220

Ebstein's anomaly, auscultatory and phonocardiographic findings, correlation of first heart sound with ultrasonic records of tricuspid valve movement (Crews *et al.*). 610
— — clinical study of 32 patients in childhood (Simcha & Bonham-Carter). 46
— — of the tricuspid valve, natural history, childhood and adolescence (Watson). 143, *P.*
Echinococcosis, *see* Hydatid cyst
Echocardiography, in measurement of ventricular volumes: comparison with biplane angiographs (Gibson). 614, *P.*
— of mitral valve in aortic valve disease (Pridie *et al.*), 296
Editorial: Aortic stenosis, sudden death, and the left ventricular baroceptors (Johnson). 1
— Cardiac rehabilitation (Groden). 425
— Early anatomical knowledge of cardiac malformation (Campbell). 169
— His bundle electrograms (Smithen & Sowton). 633
— Insulin and heart failure (Taylor). 329
— New frontiers in arrhythmias (Stock). 809
Eisenmenger syndrome, presentation and natural history (Hallidie-Smith *et al.*). 610, *P.*
Electrocardiogram abnormalities during 3 weeks to 18 months after anterior myocardial infarction (Atterhög *et al.*). 871
— and other observations, effects when addressing a medical meeting (Somerville *et al.*). 608, *P.*
— estimation of ventricular mass from, 101 post-mortem studies (Visioli *et al.*). 32
— His bundle: editorial (Smithen & Sowton). 633
— — — analysis of heart block and arrhythmias (Smithen & Sowton). 612, *P.*
Electrocardiogram His bundle: measurement of sinus impulse conduction (Bekheit *et al.*). 719, 612, *P.*
— intracardiac, central venous catheter used for recording (Urthaler & Halter). 275
— parameters, *see* Parameters
— 3 and 12 lead, interpretation by computer, 1093 patients (Macfarlane *et al.*). 266
— value in population surveys, attempt to improve interpretation (Raftery *et al.*). 837
Electroconversion of atrial fibrillation after mitral valvotomy (Upton & Honey). 732
Electrolytes, in atrium, effects of transient occlusion of coronary circulation (Taggart *et al.*). 609, *P.*
Embolism, pulmonary, isolated acute massive comparison of streptokinase and heparin in treatment (Miller *et al.*). 616, *P.*
— — major, early rate of resolution, angiographic and haemodynamic changes occurring in first 24 to 48 hours (McDonald *et al.*). 432
Engineering, medical biological, Ninth International Conference, Melbourne, August 1971. 328
Enzyme, quantitation of release from infarcted heart muscle (Witteveen *et al.*). 151, *P.*
— — correlated with mortality rate, as a test of efficiency of coronary care (Chapman). 643
European Society for Ballistocardiography and Cardiovascular Dynamics, Eighth European Congress, Ljubljana, April 1971. 328
Exercise, and acclimatization, effect on displacement apex cardiogram, normal young subjects (Ollendorff *et al.*). 37
— after anterior myocardial infarction, electrocardiographic abnormalities (Atterhög *et al.*). 871
— effect on distribution of pulmonary blood flow in mitral stenosis (Bjure *et al.*). 438
— prolonged, effect on myocardial metabolism (Lassers *et al.*). 609, *P.*
— tolerance, acute effect of oral alprenolol on, in angina pectoris (Sealey *et al.*). 481
— — and amyl nitrite in repetitive tachycardia (Kariv *et al.*). 115
— — in angina pectoris, comparison of the effects of propranolol and practolol (Coltart). 62
Excitation, cardiac, studies on 7 isolated human hearts, clinical implications (Durrer). 149, *P.*

Failure, heart, *see* Heart failure
Fallot's tetralogy, genetics (Cascos). 899
Fascia lata, unsupported, use in replacement of aortic valves: report on technique and results in 43 cases (Ross *et al.*). 611, *P.*
— — use in mitral valve replacement, comparison with Starr-Edwards prosthesis, clinical and haemodynamic results (Taylor *et al.*). 611, *P.*
— — valves, autologous, ausculatory and phonocardiographic findings (Schwartz *et al.*). 895
Fascicular block in acute myocardial infarction (Godman *et al.*). 613, *P.*
Fiberoptics, use in assessment of cardiac apex impulse (Cole & Conn). 463
Fibrillation, atrial, in bacterial endocarditis (Eisinger). 739
— — chronic, quinidine in maintenance after electroconversion of, controlled clinical study (Hillestad *et al.*). 518
— — control of cardiac function by RR intervals in (Meijler *et al.*). 148, *P.*
— — electroconversion after mitral valvotomy (Upton & Honey). 732
— — and flutter, electroversion, haemodynamic studies at rest and exercise (Resnekov & McDonald). 339
— — variation of pulse interval in, effect on left ventricular function (Gibson *et al.*). 388
Fibrinogen, plasma, after valvar replacement (Tessier *et al.*). 146, *P.*
Finger clubbing, circulation and the lung in hepatic cirrhosis (Stanley & Woodgate). 469

Fistula(e), arteriovenous, profunda femoral, after percutaneous arterial and venous catheterization: case report (Thadani & Pratt). 803
— coronary artery, congenital: analysis of 17 cases (de Nef *et al.*). 857, 150, *P.*
— between the coronary arteries and the right cavities of the heart, 3 cases treated surgically (Azcuna *et al.*). 451
Flutter, atrial, and fibrillation, electroversion, haemodynamic studies at rest and exercise (Resnekov & McDonald). 339
— — studies on epicardial excitation of atria (Wellens *et al.*). 233
Fondation de Physiopathologie Professeur Lucien Dautrebande, 1973 International Prize. 168
Free fatty acid levels, and other observations, effects when addressing a medical meeting (Somerville *et al.*). 608, *P.*
— — — — and catecholamine levels in acute myocardial infarction (Januszewicz *et al.*). 716
— — — — failure of high blood concentrations to provoke ventricular arrhythmias in experimental coronary artery occlusion (Opie *et al.*). 608, *P.*

Glucagon, effect on myocardial function at controlled heart rates (Balcon *et al.*). 147, *P.*
— haemodynamic effects during acute myocardial infarction with left ventricular failure (Diamond *et al.*). 290
Glycerol, plasma concentration in myocardial ischaemia and arrhythmias (Carlström & Christensson). 884
Glycosides, cardiac, direct and reflex actions on peripheral circulation, dog (Webb-Peploe *et al.*). 144, *P.*

Haemodynamic studies on high altitude men living at sea level for two years (Sime *et al.*). 647
Heart, block, *see* Block
— development of autonomic neural responses (Coltart *et al.*). 612, *P.*
— disease, congenital, *see* Congenital heart disease
— — ischaemic, *see* Ischaemic heart disease
— — proximal tubular sodium reabsorption during water diuresis in (Gibson *et al.*). 146, *P.*
— failure, insulin secretion in (Majid *et al.*). 147, *P.*
— — — editorial (Taylor). 329
— long-term preservation, experiments, rat (Offerijns). 149, *P.*
— malformations, embryology, anatomy and systemization (de la Cruz *et al.*). 841
— rates, controlled, and effect of glucagon on myocardial function (Balcon *et al.*). 147, *P.*
— rate, effect of sudden changes on refractory periods of ventricular myocardium and specialized conducting system in dog's heart (Janse & van Dam). 148, *P.*
— — and intermittent Wolff-Parkinson-White syndrome (Moulopoulos *et al.*). 513
— — and other observations, effect of addressing a medical meeting (Somerville *et al.*). 608, *P.*
— — response to certain physiological manoeuvres: proposed measure of degree of beta-receptor blockade (Fitzgerald *et al.*). 614, *P.*
Heparin and streptokinase, comparison in treatment of isolated acute massive pulmonary embolism (Miller *et al.*). 616, *P.*
Hepatic vein, left, drainage into coronary sinus associated with other systemic venous anomalies: case report (van der Horst *et al.*). 164
His bundle electrograms, analysis of heart block and arrhythmias (Smithen & Sowton). 612, *P.*
— — — editorial (Smithen & Sowton). 633
— — — measurements of sinus impulse conduction from (Bekheit *et al.*). 719, 612, *P.*
— — left, facilitation of conduction: case report (Mazzoleni & Fletcher). 970
His bundle potentials, use to assess changes in atrioventricular conduction produced by series of beta-adrenergic blocking agents (Smithen *et al.*). 955
Homograft replacement of mitral valve, haemodynamic findings (Sutton *et al.*). 146, *P.*
Honk, praecordial, findings in 9 cases (Rizzon *et al.*). 707
Hydatid cyst of interventricular septum causing left anterior hemiblock: case report (de los Arcos *et al.*). 623
Hydatiform mole, complicated by myocardial infarction: case report (Atukorale & Wallooppillai). 796
Hypertension, pulmonary, caused by diet (Heath). 616, *P.*
Hypertrophy, congenital ventricular septal, with outflow tract obstruction and myocardial necrosis, infant with multiple congenital malformations: case report (Yarom & Fried). 420
Hyperventilation test for diagnosis of left-to-right circulatory shunts (Reuben & Butler). 943
Hypokalaemia, acute, myocardial and skeletal muscle uptake of ^{3}H-digoxin (Binnion & Morgan). 144, *P.*
Hypoplastic right heart complex in 46-year-old woman; case report (Horne & Rowlands). 167

Inductive coupling system, in long-term pacing (Clarke *et al.*). 65
Infarction, cardiac, acute, expansion of plasma volume (Coltart & Hamer). 145, *P.*
— — — response to rapid infusion or diuresis (Coltart & Hamer). 72
— myocardial, acute, apex cardiogram and systolic time intervals (Jain & Lindahl). 578
— — — atrioventricular and associated intraventricular conduction disturbances (Lim *et al.*). 947
— — — cardiovascular effects of pentazocine (Jewitt *et al.*). 145, *P.*
— — — conservative treatment of AV block, results in 105 consecutive patients (Hatle & Rokseth). 595
— — — determinations of plasma free fatty acid and catecholamine levels in (Januszewicz *et al.*). 716
— — — 'fascicular' block in (Godman *et al.*). 613, *P.*
— — — with left ventricular failure, haemodynamic effects of glucagon (Diamond *et al.*). 290
— — — occurrence, clinical pattern and treatment of sinus arrest (Rokseth & Hatle). 639
— — — right bundle-branch block and left axis deviation in: correspondence (Abreu E Lima and Roos & Dunning). 632
— — — surface mapping of RS-T segment deviations, effect of beta-blockade (Reid *et al.*). 370, 609, *P.*
— — — systolic time interval fluctuations produced by (Dowling *et al.*). 765
— — — without obstructive coronary artery disease demonstrated selective cine arteriography (Bruschke *et al.*). 585
— — acid-base balance and arrhythmias after (Pilcher & Nagle). 526
— — anterior, electrocardiographic abnormalities during exercise 3 weeks to 18 months after (Atterhög *et al.*). 871
— — assessment of ventricular damage following (Nagle). 614, *P.*
— — complicating hydatiform mole: case report (Atukorale & Wallooppillai). 796
— — computer analysis on ventricular ectopic rhythms (Vellani *et al.*). 145, *P.*
— — correlation of mortality rate and serum enzymes: test of efficacy of coronary care (Chapman). 643
— — evaluation of pacing for heart block in (Watson & Goldberg). 120
— — with normal coronary arteriography, 5 cases (Bloch). 150, *P.*
Infusion, rapid, or diuresis, in acute cardiac infarction (Coltart & Hamer). 72
Insulin, and heart failure: editorial (Taylor). 329
— secretion in severe heart failure (Majid *et al.*). 147, *P.*
— secretion after open-heart surgery with particular respect to pathogenesis of low cardiac output (Majid *et al.*). 6

International Cardiovascular Congress, Moscow, 26–28 August 1971, Advance notice. 408
Ischaemia, myocardial, experimental, beta-blockade in, metabolic and electrocardiographic effects (Thomas *et al.*). 609, *P.*
— — plasma glycerol concentrations (Carlström & Christensson). 884
Ischaemic heart disease, analysis of vectorcardiographic T loop in (Gray & Bell). 917
— — — comparison of pulmonary artery diastolic and left ventricular end-diastolic pressures (Balcon *et al.*). 615, *P.*
— — — five-year trial of clofibrate (Dewar). 145, *P.*
— — — and pathophysiology of coronary circulation (Ross). 173
— — — risk factors in young managers (Nieveen *et al.*). 149, *P.*
— — — without clinical heart failure, angiographic assessment of left ventricular function (Chatterjee *et al.*). 559
Isoprenaline, electrocardiographic effects in normal subjects and patients with coronary atherosclerosis (Wexler *et al.*). 759
Isotopes, double dilution technique to measure plasma adrenaline and noradrenaline levels in myocardial infarction (Siggers *et al.*). 878

Jamaica, idiopathic cardiomegaly, pathology, 21 cases (Campbell *et al.*). 193

Kinidin Durules, *see* Quinidine

Laevoversions, dextroversions and mirror-image dextrocardias: embryology, anatomy and systemization (de la Cruz *et al.*). 841
Lazy sinus syndrome, investigations of 46 cases (Eraut & Shaw). 742
Lignocaine, effect on excitability cycle of dog and rabbit heart (Zimmerman *et al.*). 148, *P.*
Low cardiac output state, and insulin secretion after open-heart surgery (Majid *et al.*). 6

Malaysian patients, persistent ductus arteriosus in 194 cases (Krishnan & Snelling). 699
Malformation, heart, early anatomical knowledge: editorial (Campbell). 169
Managers, risk of ischaemic heart disease (Nieveen *et al.*) 149, *P.*
Manometer tap systems, single-control, accident-proof (Hepburn). 283
Mapping, surface, of RS-T segment in acute myocardial infarction (Reid *et al.*). 370, 609, *P.*
Mason, George, Obituary (Holmes Sellors). 795
Murmur, continuous in pulmonary atresia, reference to aortography (Zutter & Somerville). 905
Muscle bundle, aberrant, causing obstruction to right ventricular outflow (Barnes *et al.*). 546
— heart, infarcted, quantitation of enzyme release (Witteveen *et al.*). 151, *P.*
Muscular dystrophy, progressive, cardiorespiratory changes in (Wahi *et al.*). 533
Myalgia, and symptomless myocarditis in viral and *Mycoplasma pneumoniae* infections (Lewes & Rainford). 613, *P.*
Myocardium as contributor of plasminogen activator to blood (Menon & Dewar). 394
— infarction, effect of prolonged exercise (Lassers *et al.*). 609, *P.*
Mycoplasma pneumoniae infections and myalgia, symptomless myocarditis in (Lewes & Rainford). 613, *P.*

Neural responses, autonomic, development in human heart (Coltart *et al.*). 612, *P.*
Nigeria, congenital heart disease in, necropsy study of 47 cases (Antia & Williams). 133
— coronary insufficiency in, extent, severity and frequency (Williams). 95
Noradrenaline and adrenaline, plasma levels in myocardial infarction, new double isotope technique (Siggers *et al.*). 878

Obituary: George Mason (Holmes Sellors). 795
— S. B. Boyd Campbell (Crozier). 794
Open-heart surgery, insulin secretion after, and pathogenesis of low cardiac output state (Majid *et al.*). 6
Output, cardiac, role of peripheral vascular system (Gibson & Hamer). 615, *P.*
Oxalosis, primary, of heart, cause of heart block: case report (Coltart & Hudson). 315
Oxprenolol, propranolol and practolol, effects on denervated dog heart (Harry *et al.*). 614, *P.*

Pacemaker, Birmingham (Lucas), appraisal (Pilcher & Heely). 375
— demand, inhibition by leakage of current from electrocardiographic recorder: case report (Meibom & Andersen). 326
— expectation of life on discovery of battery failure (Davies). 612, *P.*
— implanted, characteristics of impulses from, external measurements, clinical appraisal (Edhag *et al.*). 185
— — threshold analysis (Thalen *et al.*). 151, *P.*
— inductively coupled, experience with 300 patients (Williams). 613, *P.*
— Lucas induction oil, use in treatment of chronic heart block (Record *et al.*). 938
— stimulation and reversion of ventricular tachycardia (Bennett & Pentecost). 922
Pacemaking, transvenous, temporary, bedside technique (Baird). 191
Pacing for heart block in myocardial infarction, evaluation (Watson & Goldberg). 120
— long-term, with an inductive coupling system (Clarke *et al.*). 65
Parameters, electrocardiogram, normal ranges of modified axial lead system (Macfarlane *et al.*). 258
Pentazocine, cardiovascular effects in acute myocardial infarction (Jewitt *et al.*). 145, *P.*
Percussion, heart, history, Auenbrugger's contribution (Evan Bedford). 817
Pericarditis, constrictive, jugular, hepatic, and praecordial pulsations in (El-Sherif & El-Said). 305
Peripheral vascular system, role in control of cardiac output (Gibson & Hamer), 615, *P.*
Persistent ductus arteriosus, management in 194 Malaysian patients (Krishnan & Snelling). 699
Phentolamine, haemodynamic effects in chronic obstructive pulmonary disease (Gould *et al.*). 445
— oral, for treatment of ventricular premature contractions (Gould *et al.*). 101
'Pixie' cardiography, accelerometer applications to phonocardiography and displacement cardiography in childhood (Bew *et al.*). 702
Plasma volume, expansion in acute cardiac infarction (Coltart & Hamer). 145, *P.*
Plasminogen activator to blood circulation, contribution of myocardium (Menon & Dewar). 394
Platelet stickiness methods in atherosclerotic and normal patients, Wright and Hellem techniques, comparison (Besterman *et al.*). 277
Polymyositis, chronic, cardiac involvement: case report (Lynch). 416

Practolol, oxprenolol and propranolol, effects on denervated dog heart (Harry *et al.*). 614, *P.*
— and propranolol, comparison, effects on exercise tolerance in angina pectoris (Coltart). 62
Praecordial honk, findings in 9 cases (Rizzon *et al.*). 707
Preservation, long-term, heart, experiments, rat (Offerijns). 149, *P.*
Pressure(s), pulmonary artery diastolic and left ventricular end-diastolic, comparison in ischaemic heart disease (Balcon *et al.*). 615, *P.*
— pulmonary wedge, measured by flow directed Swan-Gans catheter, comparison with left atrial pressure (Batson *et al.*). 616, *P.*
Prinzmetal's variant angina pectoris, left ventricular performance and related haemodynamic changes (Guazzi *et al.*). 84
Prize, Fondation de Physiopathologie de Professeur Lucien Dautrebande, 1973. 168
Proceedings. British Cardiac Society, 49th Annual General Meeting, Amsterdam, April 1970, jointly with the Dutch Society, 142–151: 50th Meeting. 607–616
Propranolol, assessment in angina pectoris: clinical dose response curve and effect on electrocardiogram at rest and on exercise (Prichard & Gillam). 473
— effects on Prinzmetal's variant angina pectoris (Guazzi *et al.*). 889
— non-specific properties, and beta-adrenergic blocking, assessment (Coltart). 615, *P.*
— oxprenolol and practolol, effects on denervated dog heart (Harry *et al.*). 614, *P.*
— and practolol, comparison, effects on exercise tolerance in angina pectoris (Coltart). 62
— and quinidine in treatment and prevention of cardiac arrhythmias (Stern). 522
Pulmonary arterial compliance in health and disease (Reuben *et al.*). 147, *P.*
— artery, spontaneous closure of ventricular septal defect after banding of (Verel *et al.*). 854
— atresia, continuous murmur in, reference to aortography (Zutter & Somerville). 905
— — without cyanosis, two cases with ventricular septal defect and increased pulmonary blood flow (Danilowicz & Ross). 138
— autograft for aortic valve disease: late haemodynamic results (Sachs *et al.*). 611, *P.*
— disease, chronic obstructive, haemodynamic effects of phentolamine (Gould *et al.*). 445
— valve and pulmonary artery, replacement with fascia lata (Lincoln *et al.*). 146, *P.*
Pulsation, jugular, hepatic and praecordial in constrictive pericarditis (El-Sherif & El-Said). 305

Quinidine, in maintenance of sinus rhythm after electroconversion of chronic atrial fibrillation, controlled clinical study (Hillestad *et al.*). 518
— overdose, neurological and cardiovascular toxicity in normal person: case report (Kerr *et al.*). 629
— and propranolol in treatment and prevention of cardiac arrhythmias (Stern). 522
— sustained-release (Kinidin Durules) in maintaining sinus rhythm after electroversion of atrial dysrhythmias (Resnekov *et al.*). 220
QRS complex, changes after aortic valve replacement (Ginks & Follath). 613, *P.*
— — electrical alteration of T wave without change in: case report (Dolara & Pozzi). 161

Reciprocal rhythm, *see* Rhythm, reciprocal
Regurgitation, aortic, blood velocity measurements using heated thin film techniques (Tunstall Pedoe). 611, *P.*
— tricuspid, traumatic, long-term survival in three patients (Croxson *et al.*). 750
Rehabilitation, cardiac, in Britain (Groden *et al.*). 756
— — editorial (Groden *et al.*). 425
Respiratory and cardiac changes in progressive muscular dystrophy (Wahi *et al.*). 533
— data, circulation and finger clubbing in hepatic cirrhosis (Stanley & Woodgate). 469
— insufficiency severe, use of mitral valve replacement (Wood & Paneth). 972
Rheumatic fever, acute, and atrioventricular dissociation (Cristal *et al.*). 12
— — acute, incidence (Sievers & Hall). 833
Rheumatic tricuspid stenosis, *see* Stenosis
Rhythm, atrial, left, versus AV junctional rhythm (El-Sherif) 358
— reciprocal, reversed: case report (Wolff). 152
— sinus, after electroversion of atrial dysrhythmias, use of sustained-release quinidine (Kinidin Durules) (Resnekov *et al.*). 220
— ventricular ectopic, in myocardial infarction, computer analysis (Vellani *et al.*). 145, *P.*
Right heart complex, hypoplastic, 46-year-old woman: case report (Horne & Rowlands). 167
RR intervals, control of cardiac function by in atrial fibrillation (Meijler *et al.*). 148, *P.*

Segment deviations, RS-T, surface mapping in acute myocardial infarction (Reid *et al.*). 370
Septal defect, atrial, associated with prolapse of posterior cusp of mitral valve (McDonald *et al.*). 383
— — interventricular, shown by left ventricular cine-angiocardiography (Taylor & Chrispin). 285
— — ventricular, 'fixed' splitting of second heart sound in (Harris *et al.*). 428
— — — natural history (Campbell). 246
— — — spontaneous closure of pulmonary artery after (Verel *et al.*). 854
— — — supracristal, auscultatory and phonocardiographic characteristics (Farrú *et al.*). 238
— — — systolic clicks with, relation to aneurysm of ventricular septum (Pickering & Keith). 538
Shunts, left-to-right circulatory, use of hyperventilation test in diagnosis (Reuben & Butler). 943
Sinus arrest in acute myocardial infarction (Rokseth & Hatle). 639
— impulse conduction from bundle of His, electrocardiographic measurement (Bekheit *et al.*). 612, *P.*
— — — measurements from electrogram of bundle of His (Bekheit *et al.*). 719
— rhythm, quinidine in maintenance after electroconversion of chronic atrial fibrillation, controlled clinical study (Hillestad *et al.*). 518
— of Valsalva, infected aneurysm of, with involvement of all three sinuses: case report (Datta *et al.*). 323
Sixth World Congress of Cardiology, London, September 1970 (Somerville & Miller). 313
Sodium, proximal tubular reabsorption, during water diuresis in heart disease (Gibson *et al.*). 146, *P.*
Sounds, heart, second, 'fixed' splitting in ventricular septal defect (Harris *et al.*). 428
ST segment and T wave, minor abnormalities, clinical significance (Short). 609, *P.*
Starr-Edwards mitral valve prosthesis, analysis of dynamics using reflected ultrasound (Siggers *et al.*). 401.
— — — — — — comparison with fascia lata grafts clinical and haemodynamic studies (Taylor *et al.*). 611, *P.*
— — — — — — thromboembolism after, incidence and preventive measures (Sarin *et al.*). 111
— — — — — — development of dysphagia due to left atrial enlargement after: case report (Chesshyre & Braimbridge). 799
Stenosis, aortic, congenital, with unusual thickening of aortic valve, associated with supra-aortic stenosis and aortic hypoplasia, 3 cases (Somerville & Ross). 552

Stenosis, aortic, hypertrophic infundibular (obstructive cardiomyopathy), electrical stimulation (Van Dam *et al.*). 147, *P.*
— — sudden death, and the left ventricular baroceptors: editorial (Johnson). 1
— mitral, effect of exercise on distribution of pulmonary blood flow on (Bjure *et al.*). 438
— — with left-to-right shunt at atrial level, diagnostic difficulties (Tandon *et al.*). 773
— subaortic, fixed membranous, fate after resection (Somerville & Montoyo). 143, *P.*
— — rheumatic, a haemodynamic correlation (El-Sherif). 16
— truncal valve: case report (Burnell *et al.*). 423
Stereophonic auscultation and stereophonic display (Freud). 149, *P.*
Stimulation, electrical, of heart in Wolff-Parkinson-White syndrome type A (Wellens *et al.*). 147, *P.*
— — in hypertrophic infundibular aortic stenosis (obstructive cardiomyopathy) (Van Dam *et al.*). 147, *P.*
Streptokinase and heparin, comparison in treatment of isolated acute massive pulmonary embolism (Miller *et al.*). 616, *P.*
Surgery, cardiac, development of ventricular aneurysms after (Littler *et al.*). 962
Swallowing, reflex action leading to syncope: case report (Sapru *et al.*). 617
Swan-Ganz catheter, use in measurement of pulmonary wedge pressure, compared with left atrial pressure (Batson *et al.*). 616, *P.*
Syncope on swallowing: case report (Sapru *et al.*). 617
Systolic clicks with ventricular septal defects, relation to aneurysm of ventricular septum (Pickering & Keith). 538
— time intervals, and apex cardiogram in acute myocardial infarction (Jain & Lindahl). 578
— — — fluctuations produced by acute myocardial infarction (Dowling *et al.*). 765
— whoop, findings in 9 cases (Rizzon *et al.*). 707

T wave and ST segment, minor abnormalities, clinical significance (Short). 609, *P.*
Tachycardia, atrial, multifocal, appraisal, diagnostic criteria and clinical significance (Chung). 500
— paroxysmal, clinical features, 120 patients (Luria), 351
— — with Wolff-Parkinson-White syndrome, haemodynamic changes: case report (Jebavý *et al.*). 157
— — ventricular, showing fusion with reciprocal ventricular beats: case report (Vermeulen & Wellens). 320
— repetitive, effects of exercise tests and amyl nitrite (Kariv *et al.*). 115
— ventricular, parasystolic, differential stimulus threshold as possible mechanism for exit block (Roelandt & Schamroth). 505
— — reversion by pacemaker stimulation (Bennett & Pentecost). 922
Tetralogy, Fallot's, genetics (Cascos). 899
Thromboembolism after Starr valve replacement, incidence and preventive measures (Sarin *et al.*). 111
Transposition, great arteries, 65 infants, 1–4 years after balloon septostomy (Parsons *et al.*). 725
— — — palliative treatment (Tynan). 610, *P.*
— — — results of 'inflow correction' (Aberdeen *et al.*). 611, *P.*
— with hypertrophic obstructive cardiomyopathy, congenital, physiologically corrected, two cases (Honey & Gold). 214
Triglycerides, levels when addressing a medical meeting (Somerville *et al.*). 608, *P.*
Trimethoprim-sulphamethoxazole combination, used in treatment in bacterial endocarditis over prosthetic valves: case report (Shafqat *et al.*). 974
Tumours, cardiac, in infancy and childhood, clinical and histological features in a survey of 22 patients (Van der Hauwaert). 125

Ultrasonic evaluation of anatomical abnormalities of heart in congenital and acquired heart diseases (Tanako *et al.*). 686
Ultrasound, reflected, use in analysis of dynamics of mitral Starr-Edwards valve prosthesis (Siggers *et al.*). 401

Valve, aortic replacement, QRS complex changes after (Ginks & Follath). 613, *P.*
— — — with unsupported fascia lata: report on technique and results in 43 cases (Ross *et al.*). 611, *P.*
— — — use of pulmonary autograft: late haemodynamic results (Sachs *et al.*). 611, *P.*
— disease, aortic, echocardiography of mitral valve (Pridie *et al.*). 296
— fascia lata, autologous, auscultatory and phonocardiographic findings (Schwartz *et al.*). 895
— mitral, homograft replacement, haemodynamics (Sutton *et al.*). 146, *P.*
— — prolapse of posterior cusp, association with atrial septal defect (McDonald *et al.*). 383
— — in aortic valve disease, echocardiography (Pridie *et al.*). 296
— — replacement, with fascia lata grafts and Starr-Edwards prostheses, clinical and haemodynamic results (Taylor *et al.*). 611, *P.*
— — — in severe respiratory insufficiency: case report (Wood & Paneth). 972
— — — Starr, development of dysphagia due to left atrial enlargement: case report (Chesshyre & Braimbridge). 799
— — — — analysis of dynamics using reflected ultrasound (Siggers *et al.*). 401
— — — — thromboembolism after, incidence and preventive measures (Sarin *et al.*). 111
— — — using homograft semilunar valves (Ross). 145, *P.*
— replacement, plasma fibrinogen levels after (Tessier *et al.*). 146, *P.*
Valvotomy, mitral, electroconversion of atrial fibrillation after (Upton & Honey). 732
Vectorcardiographic loop, evaluation in children (Aziz *et al.*). 910
— — T, analysis in ischaemic heart disease (Gray & Bell). 917
— on-line system for automatic processing (van Herpen *et al.*). 149, *P.*
Vein, right subclavian, description of transseptal catheterization via (Epstein & Coulshed). 658
— left, catheterization in acutely ill patients (Diamond *et al.*). 489
— right, aberrant muscle bundle of, causing obstruction (Barnes *et al.*). 546
Ventricular activation changes, effect on cardiac haemodynamics, comparison of right ventricular, left ventricular and simultaneous pacing of both ventricles (Gibson *et al.*). 397
— aneurysm, *see* Aneurysm, ventricular
— damage, assessment, following myocardial infarction (Nagle). 614, *P.*
— function, left, abnormal, effect of cardioselective beta-adrenergic blockade (Graber *et al.*). 615, *P.*
— — — angiographic assessment in ischaemic heart disease without clinical heart failure (Chatterjee *et al.*). 559
— — — assessment by single plane cineangiographic volume analysis (Chatterjee *et al.*). 565
— — — and the effect of variation of pulse interval in atrial fibrillation (Gibson *et al.*). 388
— mass, estimation from electrocardiogram, 101 post-mortem studies (Visioli *et al.*). 32
— myocardium, and specialized conducting system in dog's heart, effects of sudden changes in heart rate on refractory periods (Janse & van Dam). 148, *P.*
— performance, left, and related haemodynamic changes in Prinzmetal's variant angina pectoris (Guazzi *et al.*). 84
— premature beats, role in initiation and termination of atrial arrhythmias (Csapó). 105
— — contractions, treated by oral phentolamine (Gould *et al.*). 101
— volume, left, measurement by echocardiography: comparison with biplane angiographs (Gibson). 614, *P.*

Viral infections, myalgia and symptomless myocarditis in (Lewes & Rainford). 613, *P.*
Volume analysis, single plane cineangiographic, assessment of left ventricular function by (Chatterjee *et al.*). 565

Wave, T, electrical alternation without change in QRS complex: case report (Dolara & Pozzi). 161
Whoop, systolic, findings in 9 cases (Rizzon *et al.*). 707
Wolff-Parkinson-White syndrome, haemodynamic changes during paroxysmal tachycardia: case report (Jebavý *et al.*). 157
— — — — intermittent, and heart rate, 5 cases (Moulopoulos *et al.*). 513
— — — — type A, electrical stimulation of heart (Wellens *et al.*). 147, *P.*

CONTENTS OF VOLUME 33

Number 1

page

EDITORIAL: AORTIC STENOSIS, SUDDEN DEATH, AND THE LEFT VENTRICULAR BAROCEPTORS
A. M. Johnson 1

INSULIN SECRETION AFTER OPEN-HEART SURGERY WITH PARTICULAR RESPECT TO PATHOGENESIS OF LOW CARDIAC OUTPUT STATE
P. A. Majid, P. Ghosh, B. C. Pakrashi, M. Ionescu, J. R. W. Dykes, and S. H. Taylor 6

ATRIOVENTRICULAR DISSOCIATION IN ACTIVE RHEUMATIC FEVER
N. Cristal, J. Stern, and M. Gueron 12

RHEUMATIC TRICUSPID STENOSIS. A HAEMODYNAMIC CORRELATION Nabil El-Sherif 16

ESTIMATION OF VENTRICULAR MASS FROM THE ELECTROCARDIOGRAM
O. Visioli, G. Malagnino, C. Majorano, and A. Chiarini 32

EFFECT OF EXERCISE AND ACCLIMATIZATION ON DISPLACEMENT APEX CARDIOGRAM IN NORMAL YOUNG SUBJECTS F. Ollendorff, R. Vash, and A. Valero 37

EBSTEIN'S ANOMALY. CLINICAL STUDY OF 32 PATIENTS IN CHILDHOOD
A. Simcha and R. E. Bonham-Carter 46

TWO CONTRASTED CASES OF COMPLETE HEART BLOCK OBSERVED OVER MANY YEARS G. H. Jennings 50

HYPERTROPHIC CARDIOMYOPATHY WITH UNUSUAL FEATURES IN A FAMILY
Alexander Harley and Edward S. Orgain 55

COMPARISON OF EFFECTS OF PROPRANOLOL AND PRACTOLOL ON EXERCISE TOLERANCE IN ANGINA PECTORIS D. J. Coltart 62

LONG-TERM PACING WITH AN INDUCTIVE COUPLING SYSTEM
M. Clarke, D. W. Evans, and B. B. Milstein 65

RESPONSE TO RAPID INFUSION OR DIURESIS IN ACUTE CARDIAC INFARCTION
D. J. Coltart and John Hamer 72

INFLUENCE OF BODY POSITION ON EXERCISE TOLERANCE, HEART RATE, BLOOD PRESSURE, AND RESPIRATION RATE IN CORONARY INSUFFICIENCY Harry Lecerof 78

LEFT VENTRICULAR PERFORMANCE AND RELATED HAEMODYNAMIC CHANGES IN PRINZMETAL'S VARIANT ANGINA PECTORIS
M. Guazzi, A. Polese, C. Fiorentini, F. Magrini, and C. Bartorelli 84

CORONARY ATHEROSCLEROSIS IN NIGERIA A. Olufemi Williams 95

ORAL PHENTOLAMINE FOR TREATMENT OF VENTRICULAR PREMATURE CONTRACTIONS
L. Gould, R. F. Gomprecht, and M. Zahir 101

ROLE OF VENTRICULAR PREMATURE BEATS IN INITIATION AND TERMINATION OF ATRIAL ARRHYTHMIAS
George Csapó 105

THROMBOEMBOLISM AFTER STARR VALVE REPLACEMENT
C. L. Sarin, E. Yalav, A. J. Clement, and M. V. Braimbridge 111

REPETITIVE TACHYCARDIA. EFFECTS OF EXERCISE TESTS AND AMYL NITRITE
I. Kariv, B. Kreisler, and S. Behar 115

EVALUATION OF PACING FOR HEART BLOCK IN MYOCARDIAL INFARCTION
C. C. Watson and M. J. Goldberg 120

CARDIAC TUMOURS IN INFANCY AND CHILDHOOD Luc G. Van der Hauwaert 125

CONGENITAL HEART DISEASE IN NIGERIA. NECROPSY STUDY OF 47 CASES
Asuquo U. Antia and A. Olufemi Williams 133

PULMONARY ATRESIA WITHOUT CYANOSIS. REPORT OF TWO CASES WITH VENTRICULAR SEPTAL DEFECT AND INCREASED PULMONARY BLOOD FLOW Delores Danilowicz and John Ross, Jr. 138

PROCEEDINGS OF THE BRITISH CARDIAC SOCIETY 142

CASE REPORTS 152, 157, 161, 164, 167

Number 2

EDITORIAL: EARLY ANATOMICAL KNOWLEDGE OF CARDIAC MALFORMATION Maurice Campbell 169

PATHOPHYSIOLOGY OF CORONARY CIRCULATION. THE SIR THOMAS LEWIS LECTURE OF THE BRITISH CARDIAC SOCIETY Richard S. Ross 173

EXTERNAL MEASUREMENTS OF IMPLANTED PACEMAKER CHARACTERISTICS. A CLINICAL APPRAISAL
O. Edhag, S. Hofvendahl, I. Karlöf, and L. Mogensen 185

Number 2—(*continued*) page

TRANSVENOUS PACEMAKING—A BEDSIDE TECHNIQUE Charles L. Baird 191

PATHOLOGY OF IDIOPATHIC CARDIOMEGALY IN JAMAICA
Marie Campbell, J. M. Summerell, G. Bras, J. A. Hayes, and K. L. Stuart 193

EXTRINSIC FACTORS IN THE GENESIS OF CONGENITAL HEART DISEASE
M. V. de la Cruz, L. Muñoz-Castellanos, and B. Nadal-Ginard 203

CONGENITAL PHYSIOLOGICALLY CORRECTED TRANSPOSITION WITH HYPERTROPHIC OBSTRUCTIVE CARDIOMYOPATHY Michael Honey and Ronald G. Gold 214

SUSTAINED-RELEASE QUINIDINE (KINIDIN DURULES) IN MAINTAINING SINUS RHYTHM AFTER ELECTROVERSION OF ATRIAL DYSRHYTHMIAS
L. Resnekov, D. Gibson, S. Waich, J. Muir, and L. McDonald 220

ELECTROMECHANICAL CORRELATION OF LEFT ATRIAL FUNCTION AFTER CARDIOVERSION
D. N. Grover, V. S. Mathur, S. Shrivastava, and S. B. Roy 226

EPICARDIAL EXCITATION OF THE ATRIA IN A PATIENT WITH ATRIAL FLUTTER
H. J. J. Wellens, M. J. Janse, R. T. van Dam, and D. Durrer 233

AUSCULTATORY AND PHONOCARDIOGRAPHIC CHARACTERISTICS OF SUPRACRISTAL VENTRICULAR SEPTAL DEFECT Odette Farrú, G. Duffau, and R. Rodríguez 238

NATURAL HISTORY OF VENTRICULAR SEPTAL DEFECT Maurice Campbell 246

NORMAL RANGES OF MODIFIED AXIAL LEAD SYSTEM ELECTROCARDIOGRAM PARAMETERS
P. W. Macfarlane, A. R. Lorimer, and T. D. V. Lawrie 258

3 AND 12 LEAD ELECTROCARDIOGRAM INTERPRETATION BY COMPUTER. A COMPARISON ON 1093 PATIENTS P. W. Macfarlane, A. R. Lorimer, and T. D. V. Lawrie 266

CENTRAL VENOUS CATHETER USED FOR RECORDING INTRACARDIAC ELECTROCARDIOGRAM
F. Urthaler and J. Halter 275

COMPARISON OF TWO ESTABLISHED PLATELET STICKINESS METHODS IN ATHEROSCLEROTIC PATIENTS AND NORMAL SUBJECTS AND A PROPOSED MODIFICATION
E. Besterman, Joan B. Heywood, and Jillian James 277

SINGLE-CONTROL, ACCIDENT-PROOF, MANOMETER TAP SYSTEMS F. Hepburn 283

INTERVENTRICULAR SEPTAL DEFECT SHOWN BY LEFT VENTRICULAR CINE-ANGIOCARDIOGRAPHY
J. F. N. Taylor and A. R. Chrispin 285

HAEMODYNAMIC EFFECTS OF GLUCAGON DURING ACUTE MYOCARDIAL INFARCTION WITH LEFT VENTRICULAR FAILURE IN MAN
G. Diamond, J. Forrester, R. Danzig, W. W. Parmley, and H. J. C. Swan 290

ECHOCARDIOGRAPHY OF THE MITRAL VALVE IN AORTIC VALVE DISEASE
R. B. Pridie, R. Benham, and C. M. Oakley 296

JUGULAR, HEPATIC, AND PRAECORDIAL PULSATIONS IN CONSTRICTIVE PERICARDITIS
A. El-Sherif and G. El-Said 305

THE SIXTH WORLD CONGRESS OF CARDIOLOGY 313

CASE REPORTS 315, 320, 323, 326

Number 3

EDITORIAL: INSULIN AND HEART FAILURE S. H. Taylor 329

EFFECT OF CARDIOPULMONARY BYPASS ON PLASMA DIGOXIN CONCENTRATIONS
D. J. Coltart, D. A. Chamberlain, M. R. Howard, M. G. Kettlewell, J. L. Mercer, and T. W. Smith 334

ELECTROVERSION OF LONE ATRIAL FIBRILLATION AND FLUTTER INCLUDING HAEMODYNAMIC STUDIES AT REST AND ON EXERCISE Leon Resnekov and Lawson McDonald 339

SELECTED CLINICAL FEATURES OF PAROXYSMAL TACHYCARDIA. A PROSPECTIVE STUDY IN 120 PATIENTS Myron H. Luria 351

AV JUNCTIONAL VERSUS LEFT ATRIAL RHYTHM Nabil El-Sherif 358

AORTIC ATRESIA. DIAGNOSTIC CARDIAC CATHETERIZATION IN FIRST WEEK OF LIFE
Graham A. H. Miller 367

SURFACE MAPPING OF RS-T SEGMENT IN ACUTE MYOCARDIAL INFARCTION
D. S. Reid, L. J. Pelides, and J. P. Shillingford 370

THE BIRMINGHAM (LUCAS) PACEMAKER. AN APPRAISAL OF ITS USE J. Pilcher and M. K. Heely 375

ASSOCIATION OF PROLAPSE OF POSTERIOR CUSP OF MITRAL VALVE AND ATRIAL SEPTAL DEFECT
A. McDonald, A. Harris, K. Jefferson, J. Marshall, and L. McDonald 383

Number 3—(*continued*) page

Effect of Varying Pulse Interval in Atrial Fibrillation oh Left Ventricular Function in Man D. G. Gibson, G. Broder, and E. Sowton 388

Myocardium as Contributor of Plasminogen Activator to Blood I. Sudhakaran Menon and H. A. Dewar 394

Effect of Changes in Ventricular Activation on Cardiac Haemodynamics in Man. Comparison of Right Ventricular, Left Ventricular, and Simultaneous Pacing of Both Ventricles D. G. Gibson, D. A. Chamberlain, D. J. Coltart, and J. Mercer 397

Analysis of Dynamics of Mitral Starr-Edwards Valve Prosthesis Using Reflected Ultrasound D. C. Siggers, Sivaporn A. Srivongse, and Dennis Deuchar 401

Case Reports 409, 412, 416, 420, 423

Number 4

Editorial: Cardiac Rehabilitation B. M. Groden, T. Semple, and G. B. Shaw 425

'Fixed' Splitting of the Second Heart Sound in Ventricular Septal Defect C. Harris, J. Wise, Jr., and C. M. Oakley 428

Early Rate of Resolution of Major Pulmonary Embolism. A Study of Angiographic and Haemodynamic Changes Occurring in the First 24 to 48 Hours I. G. McDonald, J. Hirsh, and G. S. Hale 432

Effect of Exercise on Distribution of Pulmonary Blood Flow in Patients with Mitral Stenosis J. Bjure, B. Liander, and J. Widimský 438

Haemodynamic Effects of Phentolamine in Chronic Obstructive Pulmonary Disease L. Gould, M. Zahir, A. DeMartino, and R. F. Gomprecht 445

Fistulae Between the Coronary Arteries and the Right Cavities of the Heart. Report of Three Cases Treated Surgically J. I. Azcuna, A Cabrera, F. Arruza, and M. Iriarte 451

Postoperative Complete Heart Block in Children R. J. Fryda, S. Kaplan, and J. A. Helmsworth 456

Assessment of Cardiac Apex Impulse using Fiberoptics James S. Cole and Robert D. Conn 463

The Circulation, the Lung, and Finger Clubbing in Hepatic Cirrhosis N. N. Stanley and D. J. Woodgate 469

Assessment of Propranolol in Angina Pectoris. Clinical Dose Response Curve and Effect on Electrocardiogram at Rest and on Exercise B. N. C. Prichard and P. M. S. Gillam 473

Acute Effects of Oral Alprenolol on Exercise Tolerance in Patients with Angina Pectoris. A Dose-response Study B. J. Sealey, J. Liljedal, G. Nyberg, and B. Åblad 481

Catheterization of Left Ventricle in Acutely Ill Patients G. Diamond, H. Marcus, T. McHugh, H. J. C. Swann, and J. Forrester 489

Relations Between Pressure in Pulmonary Artery, Left Atrium, and Left Ventricle with Special Reference to Events at End Diastole S. Å. Forsberg 494

Appraisal of Multifocal Atrial Tachycardia Edward K. Chung 500

Parasystolic Ventricular Tachycardia. Observations on Differential Stimulus Threshold as Possible Mechanism for Exit Block J. Roelandt and L. Schamroth 505

Heart Rate and Intermittent Wolff-Parkinson-White Syndrome S. D. Moulopoulos, G. C. Plassaras, and D. A. Sideris 513

Quinidine in Maintenance of Sinus Rhythm after Electroconversion of Chronic Atrial Fibrillation. A Controlled Clinical Study L. Hillestad, C. Bjerkelund, J. Dale, J. Maltau, and O. Storstein 518

Treatment and Prevention of Cardiac Arrhythmias with Propranolol and Quinidine Shlomo Stern 522

Acid-base Imbalance and Arrhythmias after Myocardial Infarction J. Pilcher and R. E. Nagle 526

Cardiorespiratory Changes in Progressive Muscular Dystrophy P. L. Wahi, K. C. Bhargava, and S. Mohindra 533

Systolic Clicks with Ventricular Septal Defects. A Sign of Aneurysm of Ventricular Septum? Douglas Pickering and J. D. Keith 538

Number 4—(*continued*) page

PLASMA DIGOXIN CONCENTRATIONS AND DIGOXIN TOXICITY IN HOSPITAL PATIENTS
D. C. Evered and C. Chapman 540

ABERRANT MUSCLE BUNDLE OF THE RIGHT VENTRICLE
R. J. Barnes, K. H. Kwong, and A. C. S. Cheung 546

CONGENITAL AORTIC STENOSIS—AN UNUSUAL FORM. CONSIDERATION OF SURGICAL MANAGEMENT
Jane Somerville and Donald Ross 552

ANGIOGRAPHIC ASSESSMENT OF LEFT VENTRICULAR FUNCTION IN PATIENTS WITH ISCHAEMIC HEART DISEASE WITHOUT CLINICAL HEART FAILURE
K. Chatterjee, M. Sacoor, G. C. Sutton, and G. A. H. Miller 559

ASSESSMENT OF LEFT VENTRICULAR FUNCTION BY SINGLE PLANE CINEANGIOGRAPHIC VOLUME ANALYSIS
K. Chatterjee, M. Sacoor, G. C. Sutton, and G. A. H. Miller 565

ATRIOVENTRICULAR DISSOCIATION WITH ACCROCHAGE
E. Fletcher, P. Morton, J. G. Murtagh, and S. Bekheit 572

APEX CARDIOGRAM AND SYSTOLIC TIME INTERVALS IN ACUTE MYOCARDIAL INFARCTION
S. R. Jain and J. Lindahl 578

ACUTE MYOCARDIAL INFARCTION WITHOUT OBSTRUCTIVE CORONARY ARTERY DISEASE DEMONSTRATED BY SELECTIVE CINEARTERIOGRAPHY
A. V. G. Bruschke, K. J. J. Bruyneel, A. Bloch, and G. van Herpen 585

CONSERVATIVE TREATMENT OF AV BLOCK IN ACUTE MYOCARDIAL INFARCTION. RESULTS IN 105 CONSECUTIVE PATIENTS
Liv Hatle and R. Rokseth 595

DOUBLE-BLIND THREE-DOSE TRIAL OF ORAL ALPRENOLOL IN ANGINA PECTORIS
E. Sowton and C. Smithen 601

PROCEEDINGS OF THE BRITISH CARDIAC SOCIETY 607

CASE REPORTS 617, 623, 626, 629

CORRESPONDENCE 632

Number 5

EDITORIAL: HIS BUNDLE ELECTROGRAMS Charles S. Smithen and Edgar Sowton 633

SINUS ARREST IN ACUTE MYOCARDIAL INFARCTION R. Rokseth and L. Hatle 639

CORRELATION OF MORTALITY RATE AND SERUM ENZYMES IN MYOCARDIAL INFARCTION. TEST OF EFFICIENCY OF CORONARY CARE B. L. Chapman 643

BRADYCARDIA, INCREASED CARDIAC OUTPUT, AND REVERSAL OF PULMONARY HYPERTENSION IN ALTITUDE NATIVES LIVING AT SEA LEVEL F. Sime, D. Peñaloza, and L. Ruiz 647

TRANSSEPTAL CATHETERIZATION VIA RIGHT SUBCLAVIAN VEIN E. J. Epstein and N. Coulshed 658

UNUSUAL COMPLICATIONS OF BACTERIAL ENDOCARDITIS
P. N. Symbas, B. J. Baldwin, R. C. Schlant, and J. W. Hurst 664

ANAYLYSIS OF SYMPTOMATIC COURSE AND PROGNOSIS AND TREATMENT OF HYPERTROPHIC OBSTRUCTIVE CARDIOMYOPATHY
D. A. Swan, Barbara Bell, Celia M. Oakley, and J. Goodwin 671

ULTRASONIC EVALUATION OF ANATOMICAL ABNORMALITIES OF HEART IN CONGENITAL AND ACQUIRED HEART DISEASES
M. Tanaka, T. Neyazaki, S. Kosaka, H. Sugi, S. Oka, T. Ebina, Y. Terasawa, K. Unno, and K. Nitta 686

PERSISTENT DUCTUS ARTERIOSUS IN MALAYSIAN PATIENTS
M. Krishnan and M. R. J. Snelling 699

'PIXIE' CARDIOGRAPHY. ACCELEROMETER APPLICATIONS TO PHONOCARDIOGRAPHY AND DISPLACEMENT CARDIOGRAPHY IN CHILDHOOD
F. E. Bew, D. Pickering, P. Sleight, and F. D. Stott 702
